IMPORTANT! Please read the notes below about Summer 2022 reimaging:

*** Technology staff will be out of the building the week beginning Monday, July 11, and will return Monday, July 18.

*** Students should backup all files they wish to keep to OneDrive, SD Card or other removable media. It is the student's responsibility to back up files not the technicians.

*** When picking up the tablet after imaging the student **must** log in while in the school building so the user profile can be configured. **If the student doesn't log in to her tablet before she leaves the building she will not be able to login at home.** If a parent or guardian is to pick up the tablet he/she **must have the student's username and password** so he/she can login and allow the user profile to be set up or the student will not be able to login at home.
